200 Years Before The Discovery Of The Ringworld Fleet Of Worlds is a science fiction novel by Larry Niven. The novel is set in the Known Space universe and follows the story of a group of humans who are sent on a mission to explore a mysterious fleet of alien ships.

The novel begins in the year 2400, two hundred years before the events of Niven's novel Ringworld. The human race has recently made contact with the alien Puppeteers, and a group of humans is sent on a mission to explore a fleet of alien ships that have been discovered in the Epsilon Eridani system.

The fleet is vast, and the humans are soon overwhelmed by its size and complexity. They quickly realize that the fleet is not abandoned, but is instead home to a race of aliens known as the Ringworld Engineers.

The Ringworld Engineers are a highly advanced race, and they are not happy to see the humans. They attack the human ship, and the humans are forced to flee.

The humans eventually make it back to Earth, but they are changed by their experience. They have seen the power of the Ringworld Engineers, and they know that the human race is not ready to face them.
