

# Nachspiel In Major BWV 12: A Masterpiece of Organ Music

Felix Mendelssohn's Nachspiel in Major BWV 12 is a stunning and evocative organ piece that showcases his mastery of the instrument. Composed in 1830, the piece is a testament to Mendelssohn's prodigious talent and his deep understanding of the organ's capabilities.

## A Brief History of the Nachspiel

The nachspiel is a type of organ piece that typically follows a larger choral or orchestral work. It is often used to provide a sense of closure and reflection, and can also be used to introduce new musical ideas or themes. Mendelssohn's Nachspiel in Major BWV 12 is one of the most famous examples of the genre, and it has been performed and recorded by countless organists around the world.

## The Structure of the Nachspiel

The Nachspiel is written in a ternary form, with an A-B-A structure. The A section is in the key of B major and features a soaring melody that is played over a simple harmonic accompaniment. The B section is in the key of G major and is more subdued in character. It features a series of descending chromatic scales that create a sense of anticipation and longing. The A section returns at the end of the piece, providing a sense of closure and resolution.

### **The Musical Language of the Nachspiel**

Mendelssohn's Nachspiel is a highly chromatic piece, and he uses a variety of harmonic techniques to create a sense of richness and depth. The piece also features a number of contrasting textures, from the delicate filigree of the opening section to the powerful chords of the 结尾. Mendelssohn's use of counterpoint is also masterful, and he creates a number of beautiful and intricate lines that intertwine throughout the piece.

### **The Performance of the Nachspiel**

The Nachspiel is a challenging piece to perform, and it requires a great deal of technical skill and musical sensitivity. The organist must be able to control the instrument's many stops and manuals, and must also be able to produce a variety of sounds and colors. The piece also demands a great deal of musical expression, and the organist must be able to convey the piece's many moods and emotions.

### **The Legacy of the Nachspiel**

Mendelssohn's Nachspiel in Major BWV 12 is a masterpiece of organ music that has stood the test of time. It is a piece that is both beautiful and technically challenging, and it continues to be performed and enjoyed by

organists and audiences around the world. The piece is a testament to Mendelssohn's genius, and it is a must-have for any organist's repertoire.

If you are looking for a challenging and rewarding organ piece to add to your repertoire, then Mendelssohn's Nachspiel in Major BWV 12 is the perfect choice. This beautiful and evocative piece is sure to please both audiences and performers alike.
