In this comprehensive guide, artist and instructor Sarah Sedwick will teach you everything you need to know to paint people confidently and successfully. From sketching to shading and using color, this book will help you create lifelike and expressive paintings of the human form.

Chapter 1: Getting Started

In this chapter, you will learn the basics of painting people, including:

- The different types of painting media and how to choose the right one for your needs

- The essential tools and materials you need to get started
- How to set up your workspace
- The basic principles of drawing and painting the human form

Chapter 2: Sketching the Human Form

Sketching is the foundation of all painting. In this chapter, you will learn how to sketch the human form accurately and expressively, including:

- The different types of sketches and how to choose the right one for your needs
- How to use line, shape, and value to create a convincing sketch
- How to capture the gesture and movement of the human form

Chapter 3: Shading and Lighting

Shading and lighting are essential for creating a three-dimensional illusion in your paintings. In this chapter, you will learn how to use shading and lighting to:

- Define the form of the human body
- Create a sense of depth and space
- Convey the mood and atmosphere of your painting

Chapter 4: Color and Texture

Color and texture can be used to create a wide range of effects in your paintings. In this chapter, you will learn how to use color and texture to:

- Enhance the realism of your paintings
- Create a sense of mood and atmosphere
- Add interest and variety to your paintings

Chapter 5: Painting Portraits

Portraits are a special type of painting that captures the likeness of a specific individual. In this chapter, you will learn how to paint portraits, including:

- How to capture the unique features and personality of your subject
- How to use lighting and composition to create a flattering portrait
- How to paint different types of portraits, such as headshots, bust portraits, and full-length portraits

Chapter 6: Painting Figures

Figure painting is the art of painting the human body in motion. In this chapter, you will learn how to paint figures, including:

- How to capture the movement and gesture of the human body
- How to use foreshortening and perspective to create a sense of depth
- How to paint different types of figures, such as nude figures, clothed figures, and action figures

Chapter 7: Painting Gestures

Gestures are a powerful way to communicate emotion and movement in your paintings. In this chapter, you will learn how to paint gestures,

including:

- How to observe and interpret gestures
- How to use line, shape, and color to convey gestures
- How to incorporate gestures into your paintings to add life and interest

Painting the human form is a challenging but rewarding pursuit. With the right knowledge and techniques, you can create lifelike and expressive paintings that capture the beauty and complexity of the human body. This comprehensive guide will help you get started on your journey to becoming a successful painter of people.
