The attack sparked a political firestorm in the United States, with Republicans accusing the Obama administration of mishandling the situation and Democrats defending the administration's response. The attack also led to a number of investigations, including a special House Select Committee on Benghazi.

In his new book, *The Inside Account Of What Really Happened In Benghazi*, former CIA officer John Kiriakou provides a firsthand account of the attack. Kiriakou was the CIA's chief of counterterrorism operations in Pakistan at the time of the attack, and he was involved in the agency's response to the incident.

In his book, Kiriakou argues that the Obama administration's response to the Benghazi attack was "a disaster." He accuses the administration of lying about the attack and of failing to provide adequate security for the U.S. diplomatic compound in Benghazi.

Kiriakou's book is a controversial one, but it is also an important one. It provides a firsthand account of the Benghazi attack from someone who was involved in the CIA's response to the incident. Kiriakou's book will help to shed light on what really happened in Benghazi and it will help to ensure that the American people get the truth about this tragic event.
