### The Evolution of Capitalism: A Dynamic Force

The book, authored by renowned economists Luc Boltanski and Eve Chiapello, traces the historical evolution of capitalism, revealing how its core principles have evolved over time. They argue that capitalism is not a static entity but rather a dynamic force, constantly adapting to the changing societal landscape.

Boltanski and Chiapello identify three distinct "spirits" of capitalism: the "artisanal spirit," prevalent in early capitalism, characterized by a focus on craftsmanship and individualized production; the "industrial spirit," associated with the rise of mass production and standardization; and the "managerial spirit," which emerged in the mid-20th century and emphasized efficiency and organizational hierarchy.

### The New Spirit: A Focus on Connection and Meaning

According to the authors, contemporary capitalism is witnessing the rise of a "new spirit," one that places a renewed emphasis on connection, meaning, and social responsibility. This shift is driven by a growing

awareness of the need to address societal challenges, such as climate change and inequality.

The "new spirit" manifests itself in various ways, including:

- Employee involvement and empowerment
- Corporate social responsibility initiatives
- Collaboration between businesses and social organizations
